

QUALITY POLICY

KR Surveys Pty provides surveying and utility locating consultancy services to private and governments organisations within Western Australia. Our vision is to 'love what we do'.

To achieve this vision KR Surveys must...

- Complete projects efficiently, professionally, and delivered on or before time.
- To consistently provide our clients with a high-quality service, using our many years of expertise.
- Continually train and up skill our workforce to meet the ever evolving, exciting landscape of tomorrow.
- To promote an inclusive, diverse, and accepting culture in the organisation.
- Comply with ISO9001, client and licensing requirements, which provides our company with a framework for setting our business objectives and steering KR Surveys to continually improving its performance.
